[REDACTED]  
[REDACTED]  
[REDACTED] checked with Helen McK. with regard to your potential involvement in this matter and she didn't see any possible conflicts relative to Region 9's current contract w/ RCAC.

There is a community meeting planned at the site for April 9th, during which Tetra Tech and BIA will be presenting their findings to the community members. Prior to that they will be soliciting our input on a draft assessment, sometime in mid-to-late March. At this point I'm not absolutely sure that you will need attend this meeting, but it would be good if you could "pencil it in" just in case.

I told Adam that you would give him a call some time this week to introduce yourself, and provide technical input where needed. Thanks for your assistance on this Dave. We really appreciate it. Aaron

Aaron,

Looking forward to chatting with you and connecting with RCAC. I am available this afternoon and all day tomorrow except 11am-1pm.

Thanks,  
Adam
